WELCOME MESSAGE

Dear friends,

APA is back with their '**UPDATE PROCTOLOGY CONFERENCE 2019**' in association with Shri J. G. Co-Operative Hospital Society's Sahakar Maharshi Shri B. A. Patil Ayurvedic Medical College & Hospital Ghataprabha, Karnataka.

It is a fact that benign proctology is the largest practice now a days. It is our drawback that the training during the residence and after completing the education is not freely approved and authenticated to improve a better end result. This branch is fast growing and technologies are involved day by day. Practitioners may get confused between costly and advanced Technologies and their results.

With this background we have decided two and half day's exclusive conference on the subject. The common topics are piles, fistula, perianal abscess, and anorectal prolapse will be deliberate extensively by eminent faculty.

We found that we are missing the basic fundamentals of father of surgery, Sushruta. Hence we have decided to celebrate '**SUSHRUT SAPTAHA 2019**' for the very first time. The eminent integrated professor will share their knowledge.

We welcome you to that event and look forward to your large participation and support.

ABOUT THE VENUE
